

Fruitland Park -EZ Pay is a free service offered to all City of Fruitland Park utility customers. With FP-EZ Pay you will still receive your monthly utility bill, but rather than making a payment either in person or by mail, your utility payment is automatically debited from your bank account. No checks to write, no stamps to buy, no penalties and no waiting in line. The payment is automatically deducted from your bank account one business day prior to the penalty date.

To initiate FP - EZ Pay service, simply complete the authorization form below and return it to City Hall with a voided check. It takes approximately 30 days from the time your authorization form is received by the City for the EZ Pay service to begin. After your authorization is processed your monthly bill will contain the following notation: **“DO NOT SEND PAYMENT -EZ PAY BANK-DRAFT”**. *Please note: You must pay your bill in the normal manner until this appears on your bill.*

For subsequent months, the funds to pay your bill will be transferred from your checking or savings account on the due date stated on your bill with no further action on your part. Please remember to deduct the amount of your bill from your checking or savings account records. If, for any reason, the EZ-Pay is not paid by your financial institution, it will be treated as a returned check.

Should you change or close the account authorized below, you agree to provide written notification to the City of Fruitland Park at least 30 days prior to the change.

Any adjustments or credits to the current bill will be reflected on the following month’s bill. If you terminate your utility service with the City, the final bill will not be processed with the EZ Pay service. Instead the final bill will be sent directly to you for payment.
